

YOUNG RINGER of the YEAR
Report for Competition Year 2008-09

This year there were only 9 entrants for the competition. Again the main area that reaped the most points was attendance at Sunday Service, at Practice night and at Branch Practices/Meetings.

It is quite clear that if the competitor really wants to win then something extra is required, whether it be ringing at other towers, ringing quarter peals or gaining experience with new methods.

The winner this year was again Matthew Martin of South Petherton with 279 Points, following him in 2nd place with 235 points was his brother Kris Martin of South Petherton. In 3rd place was James Stosiek of Yeovil with 203 points. The remaining entrants scored between 155 and 180 points.

Special mention should be made of Krystyna Masny of Shipham who scored 146 points but as she only started to learn to ring in February 2009 these points represent only 6 months of hard work. Well done! And watch out those at the top of the Charts more competition is on the way.
