Bell Ringing

“On Friday 20th September Class 4 and 5 went to Holy Trinity Church to do bell ringing. Firstly, we met the people that do bell ringing every Sunday. They spoke to us about why they were made and what they were made for.

We were put into groups and went to different places.

First we went to the big bells and learnt how to hold them. The man said if you went to the bells upstairs the bells would deafen you in 5 seconds!

After that we got to ring the bells; it was very loud but also very fun.

Next we went to the hand bells and they all had a different pitch they had numbers to match with them it went up to 12. We were put into a semi-circle and went from 1 to 12 and back again. Ms Tunstall said it sounded lovely we had so much fun learning about bell ringing. It was really fun!”
